

CHUITNA COAL PROJECT GEOLOGY BASELINE INFORMATION

August 2006

PacRim Coal, L.P.

Table of Contents

INTRODUCTION	1
Background	1
Physical Setting.....	1
Regional Geology	3
Project Area Geology.....	6
Drilling Programs.....	6
Stratigraphic and Structural Modeling.....	6
Stratigraphy.....	7
Geologic Setting.....	10
Structure.....	13
Overburden Physiochemical Characteristics	14
General Overburden Characteristics	14
Overburden Characteristics within the Proposed mine Area.....	14
CONCLUSIONS.....	17
Geology.....	17
Overburden/Interburden.....	17
References.....	26

List of Figures

Figure 1, Variable Stratigraphy.....	19
Figure 2, Generalized Stratigraphic Column	20

List of Tables

Table 1, Methods of Overburden Analysis.....	21
Table 2, Overburden Quality	24

List of Maps

Map 1, Surface Geology	
Map 2, Cross Section Locations	
Map 3, Typical Geologic Cross Sections
